Profile ~

Exceptionally imaginative and versatile Digital Designer with a wide range of understanding. My overall goal as a designer is to create unique and sold designs while using my skills to be as creative as possible.

Experience ~

August 2002 – Present United Parcel Service in Earth City Missouri
Loader / Sorter & Safety Committee, Co-Chair

Duties/responsibilities include loading, unloading, and sorting of packages in a time sensitive manner while providing quality service to the customer's items transported through UPS. Am also currently on the safety committee and have been since 2004. Highly adaptable with communication and carrying out orders between multiple departments and bosses.

January 2000 – 2004 MattMark Inc. Computer Solutions
CEO

Duties/responsibilities included computer repair, website design, building computers, print design, programming, email management, branding, photography and tech support. Was able to get a very diverse range of clients and experience and figure out what skills I enjoyed and could refine further.

Volunteer Experience ~

Awana Clubs International for Central and Eastern Missouri
Webmaster and Board Member

Duties/responsibilities include design, maintenance and content development. Making a website user interface that is friendly with a flexible design. Updating content on a regular schedule.

Grace Community Chapel
Multimedia Team

Duties/responsibilities include design, maintenance and content development. Creating weekly moving backgrounds that promote the overall message for each week.

Education Background ~

2009 – Present ITT Technical Institute Earth City, MO
Associates of Applied Science in Visual Communications
Expected Graduation: March 2012
Current GPA 3.92

- Awana Citation Award
 - City of Saint Peters, "Doing the right thing award" awarded by the city.
-

Technical Proficiency ~

Platforms:	Microsoft Windows Platform / Mac OS / and some Linux experience.
Applications:	Am very familiar and skilled with all Adobe and Microsoft Suites (Photoshop, Illustrator, InDesign, AfterEffects, Premiere, Dreamweaver, Flash, Word, Excel, Access, PowerPoint, Outlook, FrontPage.) Working knowledge of AutoDesk software AutoCAD and 3Ds Max.
Languages:	Have used/created many websites and projects using Visual Basic, CSS Style Sheets, HTML, JavaScript, PHP, MYSQL . As well as designing websites with content management systems like ModX, WordPress, and Joomla. Have also setup my own server on occasion.
